

GDSN BRG Membership to work on Household Office Furnishings

Date: 26-Feb-2009

CR # 09-000041

This is a GSMP **Call-to-Action** to recruit experts from all industries and from everywhere in the world to bring their expertise, commitment, and contribution to a new GSMP work area.

1. Come help the Hardlines and Electronics Attribute Initiative (HEAI) by joining the GDSN BRG

To help the Hardlines and Electronics Industries better achieve data synchronization, the Hardlines and Electronics Attribute Initiative (HEAI) was formed, and has made steady progress since its initial conference call on December 7, 2006. This group was formed to look at product specific attributes that are not currently transmitted through the GDS Network, and to determine how we can define these attributes into a standard to enable passing of this data via the GDSN. This will enable more complete product data to be sent electronically without utilizing proprietary, non-standard methods of communication between trading partners, which ultimately will result in cost savings for all trading partners. Successful implementation will also increase adoption of the GDSN within the Hardlines and Consumer Electronics verticals.

Attribute submissions have been received for the GPC bricks in the Household\Office Furniture family of GPC product codes. They have been harmonized and are ready for review. It is now our intention to begin reviewing, completing, and preparing for further processing these attributes at a **physical meeting on March 23, 2009 at the GSMP/JAG Meeting in Los Angeles, California.**

The product lines to be discussed are for the GPC FAMILY: 75010000 - Household/Office Furniture. A first draft BRAD for these attributes is contained in the CR 09-041. This group contains the following GPC Bricks:

2. Scope constraints of the HEAI within GDSN BRG

GSMP BRGs must adhere to the GS1 Standards Development Methodologies to assure their scope and deliverables, upon which the work of the other GSMP groups depends. Generally, the activities specific to HEAI CRs must operate within the following context:

- Approve Business Requirements within the GDSN BRG
- Approve Business and Technical Solutions within the GDSN Maintenance Release Work Group
- The deployment/release of standards changes into the GDS Network is contingent on the GDSN Roadmap planning process and designation of Network Release dates. This work effort is based off of Simple Change Requests routed to the GDSN BRG, **CR 09-000041** which is to develop attributes for Household\Office Furniture.

3. Expertise Required

This is a call for business process and information technology experts for the **HEAI**. The experts should represent trading partners from both sides of the trading relationship, third parties, and solution providers to have proper representation on the GDSN BRG calls where this work will be discussed. The intent is to have balanced membership from the **Hardlines** user community to define and establish proper global standards with the clear intention of implementation of these.

4. Distribution for Call to Action

Please circulate this **Call to Action** packet by forwarding it to your email distribution lists. GSMP WG/BRG are open to broad participation from any industry group, company, or region. All '**Call to Action**' packets are posted in the: GS1 website at:

http://www.gs1.org/services/gsmpp/involve/call_to_action.html

It is also to be distributed via a GSMP Community email announcement.

5. Timeline:

This is an ongoing process that follows the Maintenance Release Methodology. This Change Request will begin processing at the physical meeting on March 23, and then work via conference calls to complete the work in preparation for motions by the GDSN BRG to Public review and subsequent eBallot. These may be processed on a special conference call. By joining the BRG you will receive notification of timing and future meeting sessions by interested parties as the product type attribute work is submitted.

6. Participants:

Known Participants:

- GS1 Business Unit Manager: Justin Childs, GS1 GSMP
- Current GDSN BRG Membership

Retailer Participants:

- Target, Best Buy, Lowe's, Wal-Mart, The Home Depot

7. GSMP Process:

For complete information regarding the GSMP (including access to the GSMP Manual), please refer to the website at: <http://www.gs1.org/services/gsm/overview/>.

8. Sessions

The BRG is responsible for scheduling meetings to accomplish their work. Sessions are defined as face-to-face or physical meetings and teleconferences. All GSMP Sessions include the necessary Anti-Trust cautions as defined by GS1 legal counsel. The Anti-Trust cautions is located on the GS1 website at: http://www.gs1.org/services/gsm/support/gs1_antitrust.html.

9. Face-to-Face Meetings

The Process Manager schedules face-to-face meetings with reasonable advance notice to allow for proper planning. Face-to-face meetings will cover 2 or 3 days per meeting and will be held in order to speed up the work as much as possible. Participants are expected to cover their own expenses related to travel, accommodation, and time for the physical meetings.

This group will begin its work with a face-to-face meeting in Los Angeles, California on March 23, 2009 in conjunction with the GSMP/JAG physical meeting.

10. Teleconferences

Teleconferences will be scheduled as needed by the group and the schedule and notifications will be made in accordance with GSMP standard practices.
