The “great migration” to a shared platform

**Challenge:** Numerous GS1 communities living in different virtual spaces, creating a complicated user experience

**Opportunity:** simplify and combine all of our community “portals” into a single, platform: a central home for some of our largest user groups

![Diagram showing consolidation of various platforms into a single platform](image)
GS1 Xchange: Where collaboration meets community

GS1 Xchange will replace the current Open Community Platform (OCP)—becoming the central meeting area for nearly all of our GS1 communities.

User benefits include:
- Single sign-on
- Easy navigation between different communities
- Improved experience
The Daily Scan: News you can use

The Daily Scan is your welcome page of the Xchange platform, providing our GS1 community with up-to-date GS1 news and information.
The Daily Scan: Demo
Mark your calendars!

Official release: April 2017 in conjunction with the NEW Community room!

Stop by the Hudson Pre-function area for more information and a live demo!

YOUR FEEDBACK MATTERS
ONE REASON PEOPLE RESIST CHANGE IS BECAUSE THEY FOCUS ON WHAT THEY HAVE TO GIVE UP, INSTEAD OF WHAT THEY HAVE TO GAIN.
