GSMP Healthcare GTIN Allocation Rules
Mission Specific Working Group (MSWG) WR - 18-294

**Project description**
- Clarify the Healthcare GTIN Allocation Rules based on the implementation experience of the Pharmaceutical and Medical Device industries and regulation introduced since its initial creation.
- Ensure the Healthcare GTIN Allocation Rules are aligned with the GTIN Management standard as much as possible without negatively impacting the specificity needed in healthcare.
- Ensure the Healthcare GTIN Allocation Rules support the Clinical Trials application standard, once completed.
- This work effort will not include revision or changes to the GTIN Management standard.
