Project Description
Phase 3 – Clinical Trials members need to have the business message standards included in the implementation guideline, as without them, the industry can’t implement EDI. The approved guideline was only the first part and didn’t provide the industry stakeholders the technical information to complete implementation projects. In addition the group will review the healthcare GLN guideline and update to cater for clinical trials.

Deliverable/Objective
Add Business Message Standards to the Clinical Trial EDI Implementation Guideline utilising GS1 XML standards

Completed last 30 days
• Team is reviewing each of the 10 CT Business Message mapped to XML one at a time to ensure all requirements are met

Next steps
• Team continues to review each business message

Risks and Issues
• None at this time

Milestone deliverables
1. Project approved
   May ‘20
   • Seated group
2. Requirements
   June ‘20
   • Com Rev & eBallot
3. Development
   October ‘20
   • Com Rev & eBallot
   • IP review
   • Ratification
4. Publication
   October ‘20
   • GS1 website
