

Membership Registration Form

This form allows you to become a voting or non-voting member of GS1 Healthcare, the global healthcare user group.

GS1 Healthcare welcomes the following stakeholders as voting members: pharmaceutical or medical device manufacturers, wholesalers, distributors, group purchasing organisations, hospitals, pharmacies, solution and logistics providers.

Associations, regulatory bodies, educational institutes and other standards bodies can be non-voting members with no voting privileges.

For full details, please refer to the GS1 Healthcare Governance Charter at <https://www.gs1.org/sites/gs1/files/2023-04/gs1healthcaregovernancecharterforhclt.pdf>.

Note: Membership fees are indexed annually by 2.5% as defined by the GS1 Healthcare Leadership Team who may decide to adjust this indexation in line with the economic outlook and the development of healthcare activities.			

Voting Membership Criteria

All parties operating in the healthcare supply chain may become voting members of GS1 Healthcare, including, but not limited to, suppliers, wholesalers / distributors, hospitals, pharmacies and specified government agencies. GS1 Healthcare Voting Members must be a member of a GS1 Member Organisation (MO) and must have communicated their interest in the use of global standards to improve patient safety. More than one individual can represent a voting member organisation; however, each voting member organisation is only allowed one (1) vote in any ballot or election activity.

Government agencies are those organisations solely funded by government, representing national / regional / state / provincial interests who actively procure product or clearly represent government organisations that do procure. Government agencies eligible to be considered voting members of GS1 Healthcare must not be responsible for setting regulations relating to supply / identification / traceability / recall of product, however these organisations may set requirements (i.e., terms of trade) for provision / use of GS1 standards as part of procurement activity.

Voting members of GS1 Healthcare contribute to GS1 Healthcare activities and basic operational costs with an annual fee to GS1 Healthcare. Members are only eligible to vote once they have paid their annual membership dues. Membership renewal fees are due on the 31 March.

Either party may terminate this agreement without cause by serving a written notice to the other party. Any such notice shall be served by registered mail by 30 September and shall terminate this agreement with automatic effect on 1 January of the following calendar year (effective date of termination). During the period from the date on which notice has been served, and the effective date of termination, all terms and conditions of this agreement shall remain valid and in full force and effect.

Voting members have voting rights in the development of global standards and password-protected access to all documents. They can have access to the Public Policy database developed by GS1 Healthcare. With the exception of government agencies, voting members can participate in the Public Policy work group. Voting members can also be candidates for the Leadership Team and the chair positions of GS1 Healthcare.

Non-voting Membership Criteria

Organisations with a keen interest in standards development and patient safety may support GS1 Healthcare by participating in the efforts of the GS1 Healthcare work teams. Non-voting members are eligible to become members of GS1 Healthcare work teams, attend GS1 Healthcare events, and will have access to standards development work team documentation, but will not have voting privileges.

Non-voting membership is limited to trade associations, regulatory bodies and other governmental healthcare authorities, educational institutes and other standards bodies.

All other organisations and firms are eligible for voting membership.

Payment & Authorisation

Payment method: bank transfer

I agree to the use of my personal data provided with this application to administer the GS1 Healthcare Membership and working groups. For more information please see our Privacy Policy at <http://www.gs1.org/privacy>.
