this meeting

GS1 HUG™

GS1: Yesterday and Today

EAN International to GS1

From **several** organizations....

e.centre

setting e-business standards

GENCOD EAN FRANCE

Uniform Code Council, Inc.[®]
The Global Language of Business[®]

mapa b(u)scar mail inicio

& **several** initiatives...

*GDSN,
EPC,
GEPIR,
Track & Trace,
Training...*

....to **one truly global** organisation

GS1 in numbers

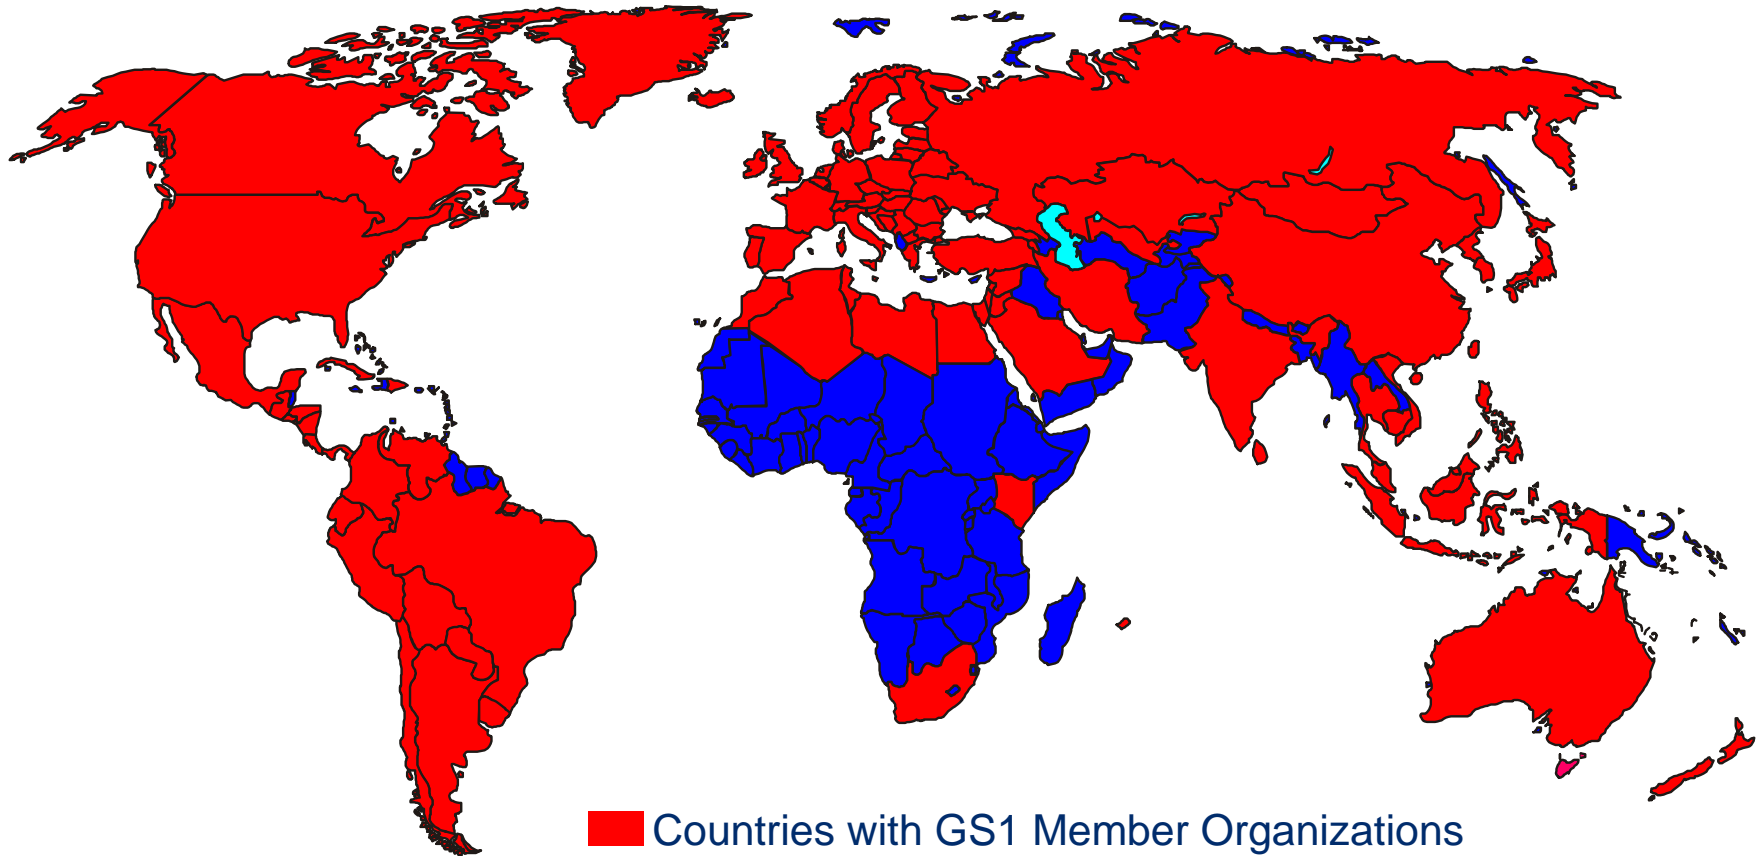

The new GS1 was launched in **2005**

- **30** years of experience
- **101** member organizations representing **all points** in the supply chain
- **Million plus** companies doing business across **140** countries
- **20 plus** represented sectors (FMCG, healthcare, transport, defense...)
- **5 billion plus** transactions a day
- GS1 standards are the most widely used supply chain standards in the world

GS1 around the world

- Countries with GS1 Member Organizations
- Countries served on a direct basis from GS1 Global Office (Brussels)
